### TIME TO BREATH

We are proud to announce the release of *Breath*, the new album from Tengushee. With its signature blend of breaks, witchhouse, drum and base and the alien melodic strangeness of Faewave.

Featuring eight tracks *Breath* showcases Tengushee's unique sound and Endless Chronicles world. From the upbeat and energetic "Foreshadow" to the soulful "Breath" with special guest appearance from the mighty three queens of darkness **C Z A R I N A**, **La E** and **Lacrimorta**.

*"We've unleashed this one from the soul, it encapsulates the essence of Faewave and draws inspiration from the beginning of the musical Endless Chronicles all the way through to the present-day Alliance of Birds era."*

*Breath* is available now on all major streaming platforms and to download for free from the official distribution website with an option to "pay what you want" via either ETH or XTZ (TEZ) cryptocurrencies.
